C532dn Specifications

OKI®

FINALLY, AN HD COLOR PRINTER THAT'S PREPARED TO GROW WITH YOUR BUSINESS

The fast and reliable C532dn color printer, with OKI LED technology and a powerful new engine, is built to support small workgroups and businesses that require expanded performance with excellent HD color output and security.
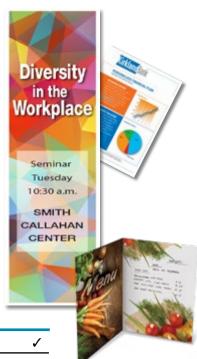

Key Features

- HD Color LED printing technology with multi-level output quality
- Fast, New Engine
- Flexible media capabilities including up to 52" banners and a variety of heavy stock media
- Paper capacity up to 1,410 sheets with two optional trays
- Security features protecting your documents, your devices and your network
- Google Cloud Print 2.0 ready enabling printing on the move and direct printing using Local Mode

Simplicity

- Easy to set-up and get started
- As new features become available, update the device via the OKI portal
- Quiet mode is ideal for smaller offices

Security Features

- Internet Protocol Security (IPSec) compliance, ensuring that documents are safely sent and received
- Keep documents confidential with Private Print and optional Card Release while selecting which jobs to print

Advanced Connectivity

- Wireless Direct offers safe simultaneous connection of wired and wireless networking
- Gigabit Ethernet enables fast transfer of large color files across the network
- Google Cloud Print 2.0 and Apple AirPrint® ready, enabling printing on the move
- Optional Wireless LAN Module available

Cost and energy saving

- Print marketing materials in-house with outstanding print quality and media flexibility
- Deep Sleep mode saves energy, Auto-Off mode automatically powers down to less than 0.5W when not in use
- Toner Save to reduce cost, when printing draft or internal documents
- Standard duplex printing to reduce paper usage
- Robust and long-lasting OKI LED technology
