

Optimum performance in any environment

The heavy-duty, high-speed printer for large-volume forms printing.

Highlights:

- Designed for long print runs: data processing, report generation, spreadsheets, etc.
- Tank-Tough® reliability
- Crisp, clear printing – even on 8-part forms
- Zero-form tear with auto-form advance
- 8,000-hr. MTBF¹
- 550 characters-per-second print speed
- Rugged design for years of heavy use
- 1-Year On-Site warranty (parts and labor)²
- Live, toll-free technical support²

PACEMARK® 3410: the dependable, day in/day out, heavy-duty, high-speed printer from OKI®. When your printer is subjected to long runs at high speeds or gets fed a constant stream of multi-part forms and card stock, it had better be a PACEMARK 3410.

OKI designed the PACEMARK 3410 for durable output—with fast throughput and the legendary reliability. The strike force of its printhead carries through an 8-part form with stunning clarity, providing better print quality on any surface.

Three available paper paths make the PACEMARK 3410 more flexible. And, with 64K standard memory, the printer does it all—and does it better.

Performing best in no-nonsense applications calling for heavy duty throughput. For point of sale, the PACEMARK 3410 has the capability of printing to the top edge of the form, and the metal tear bar assures any document on demand.

In back-office applications, its power and speed make light work of the thickest forms.

And, in networked/shared environments, it's an integral part of the whole: parallel and serial interfaces are standard.

Feed it three ways: by the standard bottom-feed or rear-feed push tractors, or single sheets from the top. Short, straight paper paths reduce feeding snags. Quick and easy loading reduces downtime.

Feed it anything: continuous forms, multi-part forms, single cut-sheet paper, labels, envelopes, transparencies, even heavy card stock. The PACEMARK 3410 pulls paper through at up to 10 inches per second (ips), and skips spaces at up to 60 ips.

It all comes down to dependability. The PACEMARK® 3410 prints data in a 136-column format using standard characters and in 272 columns at 20 characters per inch. It comes with resident barcode fonts and graphic capabilities, and lets you create personalized characters and symbols with its ASCII 96-character sets plus resident and down-line loadable type fonts.

The PACEMARK 3410 features rugged, built-to-last construction, inside and out. Its 16-bit, 12 MHz control board is an OKI-proprietary CPU that, although designed for simplicity, still processes data faster than its closest competitor.

Fewer parts to wear down or replace, uncomplicated paper paths, and OKI's proven expertise and experience translates into exceptional performance, day in and day out.

For reliability and versatility to count on, the PACEMARK 3410 never rests.

¹ 25% duty cycle, 35% page density.

² Available in the U.S. and Canada only.

PACEMARK® 3410

Specifications

Technology, Speed and Print Characteristics

- **Printhead:** 9-Pin SIDM
- **Graphics Resolution:** 240 (H) x 216 (V) dpi maximum
- **Feed Rate:** 10 ips
- **Print Speed / Character Matrix:**

Mode	NLQ	Utility	HS Draft
Speed (in cps)	105	420	550
Matrix (H x W)	24 x 17	12 x 9	9 x 9

Emulation, Interface and Memory

- **Co-resident:** Epson® FX-1050; IBM® ProPrinter® III; MICROLINE® and PACEMARK® (optional)
- **Interface:**
Standard: Parallel and 19.2K RS-232C
- **Standard Memory:** 64K

Compatibility

- **Operating Systems:** Windows®10, Windows 8.1, Windows 8, Windows 7, Server 2019, Server 2016, Server 2012/R2, Server 2008/R2

Fonts/Characters

- **Code Pages:** Standard ASCII; Epson Character Set I & II; IBM Character Set I, II & All Characters; Foreign character substitution; Line graphics; Code page 850 & 863; Bar code (see below)
- **NLQ:** Courier, Gothic, Proportional
- **Draft:** Utility, High Speed Draft
- **Bar Codes:** 8

Paper Handling

- **Paper Input:** Single-part, Multi-part, Continuous forms, Cut sheet, Card stock, Envelopes, Labels
- **Number of Copies:** Interleaf/Carbonless = 1 + 7; Cut sheet = 1
- **Thickness:** 0.02" (0.5mm)
- **Paper Feeding:** Top, rear, bottom; Built-in Bottom and Rear Push Tractors, Friction Feed (top), Optional Top Pull Tractor
- **Tear Capabilities:** Form Tear/Zero tear, Metal tear bar
- **Loading:** Auto loading for single sheet

Warranty and Reliability

- **Limited Warranty:** 1-Year On-Site parts, labor and printhead
- **MTBF:** 8,000 hours (25% duty cycle/35% page density)
- **Monthly Workload:** 19,000 pages at 25% duty cycle/35% density
- **Printhead Life:** 200 million characters average in 10 cpi utility mode, 25% duty, 35% page density
- **Ribbon Life:** 7.5 million characters

Environmental

- **Size (WxDxH):** 25.2" x 19" x 15" (incl. Bottom Feed Tractor) (54 cm x 48.3 cm x 20.3 cm)
- **Net Weight:** 63 lb. (25.4 kg); UPS shippable
- **Acoustic Noise:** 58 dBA

Ordering Information

Description	Part Number	
PACEMARK 3410 – 110V	61800801	
Accessories		
Pull Tractor Kit	70011701	
Ribbons:		
Ribbon Cartridge	52105801	
OKIcare® Warranty Enhancement Programs		
	OKI Depot™	OKI On-Site™
2-Year Extension	58251511	58255711
3-Year Extension	58251611	58252611

Note: All Warranty Enhancement Program options extend the total warranty coverage period from the date of purchase to the number of years listed for each order number above.
